EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. **Claims 1-5 are allowed.**

2. The following is an examiner's statement of reasons for allowance:

Regarding *claim 1*, the primary reason for allowance is that the prior art fails to teach or reasonably suggest a horizontal drive circuit connected to the first clock generating circuit and the timing control circuit for generating a horizontal transfer clock from the first clock in accordance with the horizontal scan timing signal, which was generated by dividing the first clock generated by the first clock generating circuit.

As for *claim 4*, the primary reason for allowance is that the prior art fails to teach or reasonably suggest dividing a reference clock with a predetermined dividing ratio to generate a divisional clock having a cycle longer than the cycle of the reference clock, generating a vertical scan timing signal and a horizontal scan timing signal from the divisional clock, and generating a vertical transfer clock from the reference clock in accordance with the vertical scan timing signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any response to this action should be mailed to:
